

## GRAVEYARD RECORDS

This is a list of all the Graveyard Records held by the Society. Most are in the Randal Gill Library and those that are clickable will take you to online versions, which will sometimes be in an abbreviated form, lacking many of the details that are in the printed version. Subject to copyright law and to permission from the organisations supplying the material and to suppressing “recent” events, we plan to place more of the indexes and transcriptions online as complete records, abbreviated records or surnames only. Some of these are freely available to any viewer; others are limited to Members only.

There are **Look Up Services** available only to Members who are unable to visit the Library. Please check the details of the publication in the [Library List](#) before emailing your request and quote your membership number with the shelfmark and as much information as possible about the person or information sought. One Member has volunteered to do lookups in **Church Records** and **Graveyard Records** – email [memenq@nifhs.org](mailto:memenq@nifhs.org); another has volunteered to do lookups in the **Irish Books** and **PHSI Envelopes** – email [irishsect@nifhs.org](mailto:irishsect@nifhs.org).

Some of the records are held by the Coleraine Branch and access to those is via its website, <http://colerainefhs.org.uk/>, and not through the above lookup services.
